

Pediatric Patient Bathing Guidelines

Best Practices for Using Theraworx Protect Wipes

Theraworx Protect is safe for use on the skin including the most sensitive areas. It should be applied all over the body, including the face, groin, and genital area.

Small Patients

Cleanse with either side of the cloth. Allow to air dry.

Wipe 1: Face, neck, chest, then abdomen

Wipe 2: Arms, then legs

Wipe 3: Back

Wipe 4: Perineum, then buttocks

Larger Patients

Cleanse with either side of the cloth. Allow to air dry.

Wipe 1: Face, neck, chest, then abdomen

Wipe 2: Right arm, hand and armpit

Wipe 3: Left arm, hand and armpit

Wipe 4: Right leg and foot

Wipe 5: Left leg and foot

Wipe 6: Back

Wipe 7: Buttocks and anus

Wipe 8: Groin and genitals
